California Tower Construction Update
April 2022

Completed Work
• Site Fencing

Current Construction Activities
• Early April – Mid April
  o On-going modifications to Cancer Center Drop off X Street and 45th Street
  o Revise pedestrian pathway and signal light changes to be enacted
  o Demolition of existing landscape/hardscape at 45th/X St
  o Ongoing modifications to main hospital entry circle

• Late April
  o Create new bus stop between University Tower and Parking Structure 3 to replace existing bus stops on X St in front of the hospital
  o Demo of Building 35 (Construction Trailers)

Look Ahead
• Installation of new temporary trailer complex for California Tower
• X Street re-alignment for preparatory work for underground utilities
